Taking care of the environment and planet Earth...

*“Start by doing what’s necessary;
then do what’s possible; and
suddenly you are doing the
impossible.”*

St. Francis of Assisi

At PWRDF we believe in Environmental stewardship. As Christians, we believe that we are supposed to take care of the world we live in. In 2007 an Environmental Justice Camp was held in Victoria BC. This camp brought together Anglicans of all ages, from across the country. Campers spent their time together discussing environmental issues. This is the third year the justice camp has run, and each year attendance continues to grow. The camp was generously supported by a grant from PWRDF, and also was attended by several PWRDF youth council members.

At PWRDF we are in the midst of getting ready for our 50th Anniversary. Fifty years of sharing in the creating of a more just and peaceful world. Part of the celebration revolves around you and what you have learned about PWRDF. If you haven’t had a chance to do some of the activities, why not try one or two and send them to us? All pictures, stories and questions will be brought together when preparing PWRDF’s 2009 calendar. Instructions for sending everything to us are on the centre page.

Did you know that as Christians (followers of Jesus) we are called to love God, love our neighbour and love ourselves. Loving our neighbour includes loving our enemies. Why would Jesus ask us to do this?
